City of Regina Embraces Glentel Broadband Solution

Glentel Inc. is pleased to announce that the company has been awarded the first phase of a project to install fixed wireless broadband services throughout the City of Regina. This phase, including an engineering study and proof of concept, is scheduled for completion in October 2007.

The multiphase project includes the provision of a fixed wireless broadband system to provide multiple city locations with high-speed data services for data acquisition, supervisory control, and video surveillance, as well as to offer mobile data facilities to enable workforce automation services for city staff. The entire undertaking is expected to have a value in excess of \$1 million dollars.

About Glentel

Glentel Inc. is a wireless solutions provider operating 196 corporate retail and business locations in Canada doing business as *Glentel Wireless*, *WirelessWave*, *Tbooth / La Cabine T*, and *WIRELESS* etc. Glentel specializes in providing engineered wireless solutions, airtime, and wireless radio rental services to North American business and government customers, and in providing expert knowledge, choice of network provider, sales and service of mobile phones, internet phones, and handheld wireless devices to consumers in Canada.
